

Greetings in the Lord!

The Orthodox Mental Health Professionals (OMHP) Directory began when a group of licensed mental health professionals, who are also priest wives in the Greek Orthodox Church, were asked by the National Sisterhood of Presvyteres to organize a list of Orthodox Christian mental health professionals. The following is comprised of marriage and family therapists, psychologists, psychotherapists and psychiatrists that might help meet the needs of all Orthodox Christians searching for support where their religious identity will be welcome and integrated into the counseling experience.

Please direct any questions, requests to share this directory, or inquiries for being added to this list to OrthodoxTherapists@gmail.com. For specific questions, please contact each individual listed respectively.

God bless,

OMHP Organizers
